

# INDUSTRIAL CLUSTERS

Industrial space is distributed throughout the Dallas-Fort Worth region, with concentrations in Fort Worth's Alliance Texas development, Dallas Fort Worth International Airport, Arlington, Garland, Grand Prairie, Coppell and along the Interstate 35E corridor between Dallas and Lewisville.

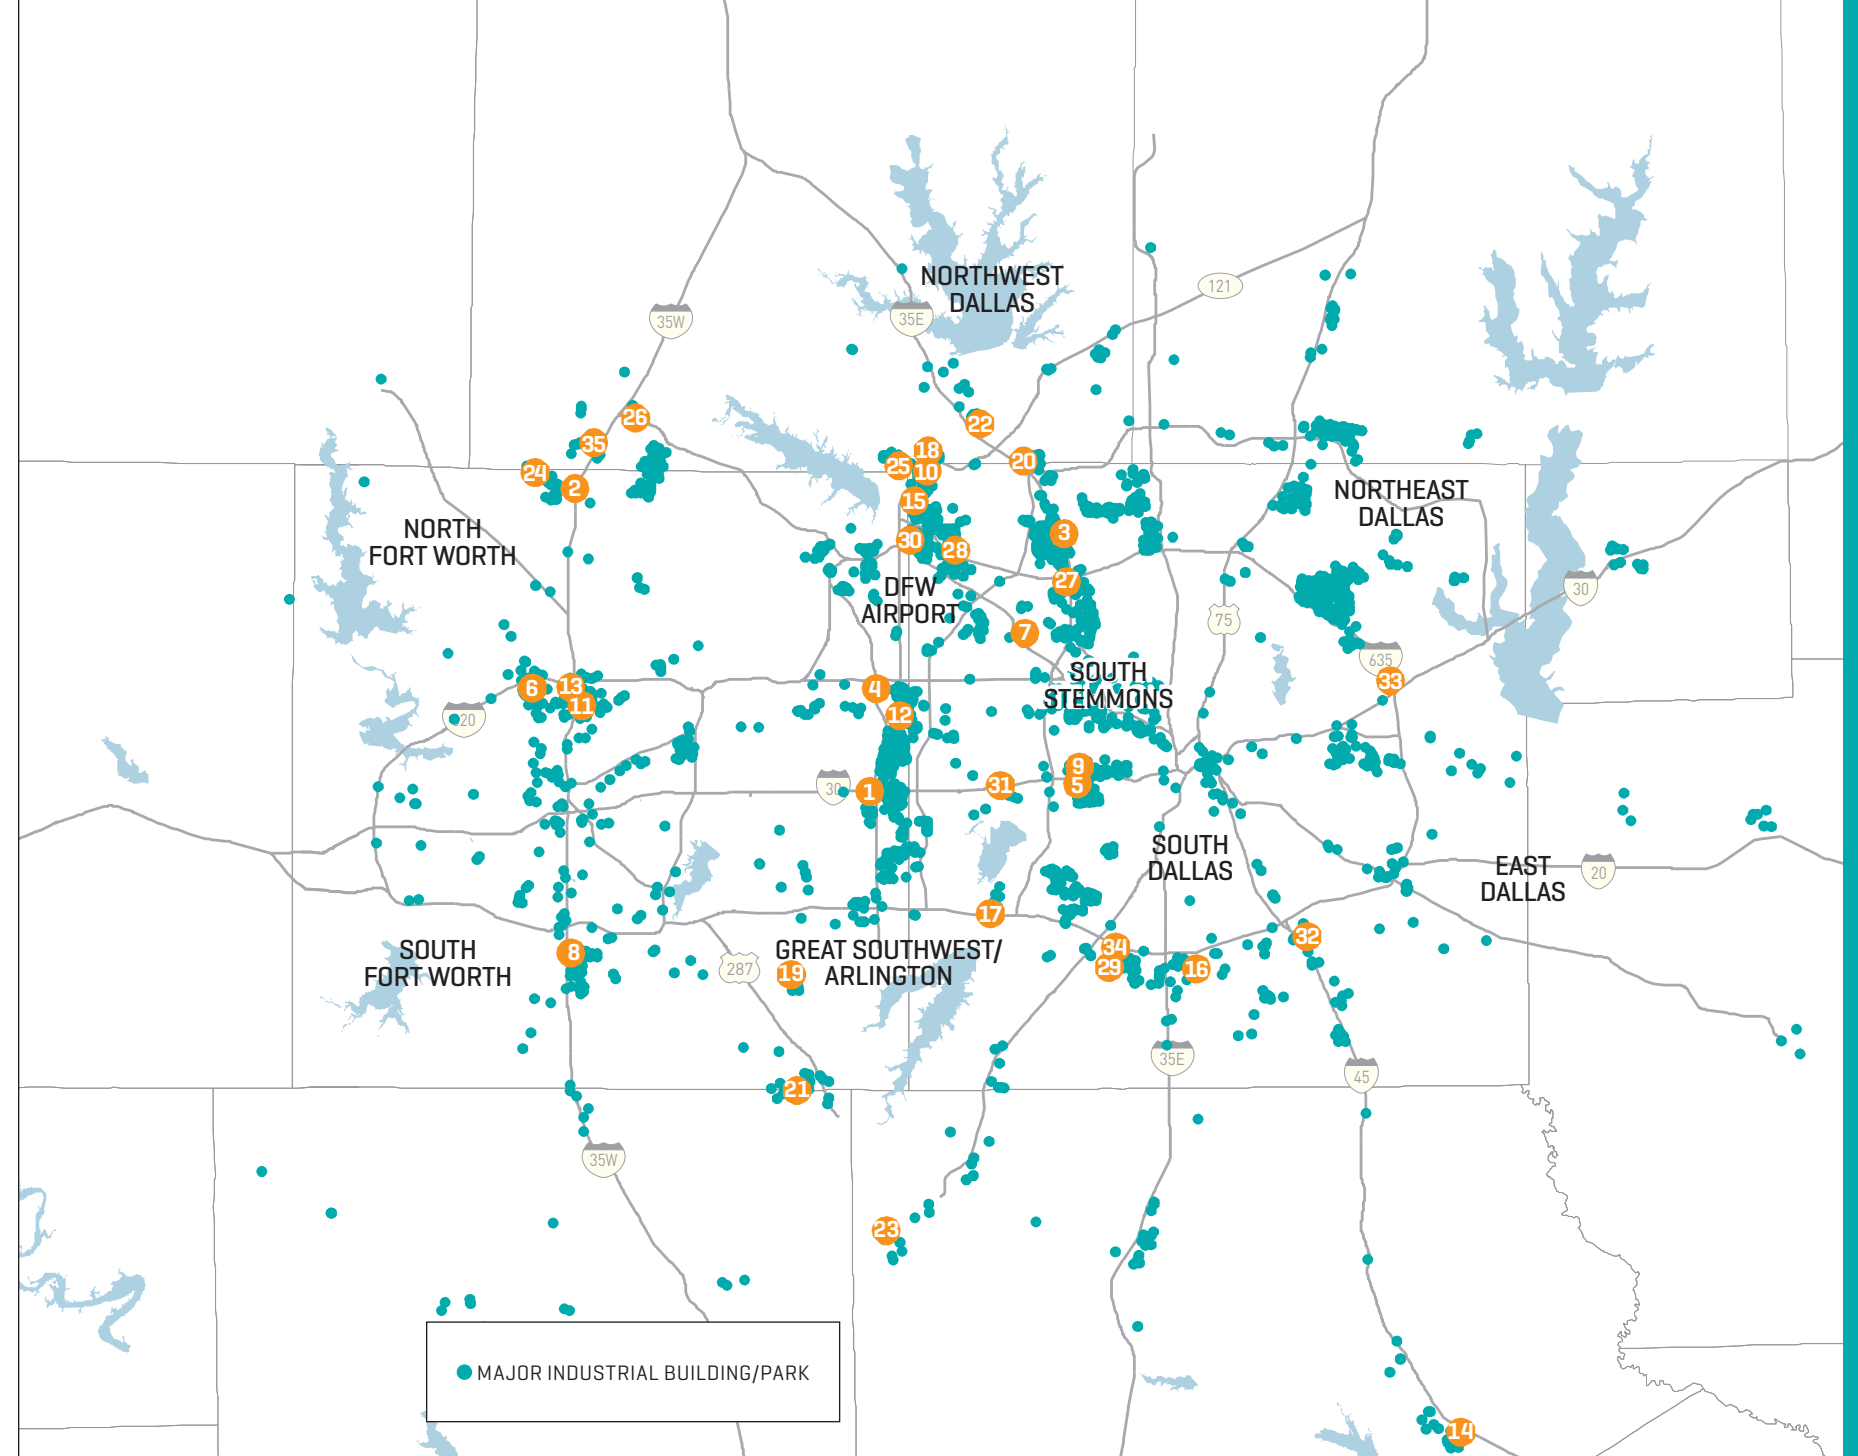

The market for industrial space has strengthened over the past couple of years with significant new developments throughout the region. In fact, CBRE ranks DFW as the 3rd top market for industrial warehouse construction during the past six years, and DFW ranks 6th among metros for construction underway. Market watchers credit the strength of the regional economy, its low taxes and its low labor costs for sustaining DFW as a desirable market for real estate investment.

## DFW INDUSTRIAL SPACE: A LOGISTICS, DISTRIBUTION, AND MANUFACTURING HUB

Dallas-Fort Worth's central U.S. location provides an advantageous distribution hub, with quick access to rail, air and over-the-ground truck transportation.
