

MIGRATION PATTERNS

Domestic migration patterns can illustrate the flow of workers within the country. The reasons people relocate are numerous and can range from quality of life to employment prospects to overall business climate. The origins of people migrating to the Dallas-Fort Worth area are evident through analysis of IRS data. Just as important are the places to which people are moving when they leave DFW. As illustrated here, people relocate to the DFW area from all parts of the country.

MIGRATION PATTERNS BETWEEN DFW AND OTHER METRO AREAS: 2011 TO 2015

METROPOLITAN STATISTICAL AREA (MSA)	INTO DFW	OUT OF DFW	NET
Chicago-Naperville-Elgin, IL-IN-WI	23,688	11,039	12,649
