

COST OF LIVING

Quite simply, it's easy to live in DFW. The Dallas-Fort Worth region is one of the most affordable in the country, a competitive advantage for companies as they seek both to keep labor costs low and to recruit the best workers. Employees in DFW enjoy a higher standard of living, with consistently lower costs for housing, groceries, transportation, and health care compared with workers in other major U.S. business centers. The region's relatively low housing prices provide the strongest edge for companies that operate here, coming in more than 24 percent lower than the national average and more than 50 percent lower than many other major metropolitan areas.
