

INTERNATIONAL COMPANIES

Dallas-Fort Worth is home to an impressive group of foreign-based subsidiaries, hosting North American headquarters or major operations. International corporate investment in the region reflects the strength and diversity of the DFW economy and stellar access to U.S. and global markets by ground or air, especially through DFW International Airport.

Industries represented here create their own synergies with other U.S.-based operations and headquarters in the region. For example, the global community has recognized DFW as an important U.S. center for telecommunications, locating North American headquarters that include Korea's Samsung, China's Huawei Technologies, France's Alcatel-Lucent, Sweden's Ericsson, Japan's Toyota, and Lichtenstein's Hilti.

The region also hosts the headquarters of Switzerland-based contact lens manufacturer Novartis AG-owned Alcon and France's Essilor of America, as well as the North American headquarters for motor vehicle manufacturers like Japan's Toyota and Kubota, and China's Hisun.

VARIOUS U.S. HEADQUARTERS AND INTERNATIONAL SUBSIDIARIES IN THE DFW REGION

1 NOKIA is a Finland-based company which designs, develops and builds communications networks. It supplies equipment, software and related services to telecom carriers and network service providers, as well as enterprise and government customers.

2 ALCON is a manufacturer of intraocular lenses, pharmaceutical products and care solutions and ophthalmic surgical instruments and equipment. Majority-owned by Swiss based Novartis AG.

3 AIRBUS HELICOPTERS is a division of Airbus Group, a global leader in aeronautics, space, and related services headquartered in France. It is the world's leading helicopter manufacturer, providing civil and military solutions for customers who serve, protect, save lives and safely carry passengers in highly demanding environments.

4 ERICSSON INC. is the subsidiary of Sweden-based global wireless network equipment leader Telefonaktiebolaget LM Ericsson. Its core network products are antennas, transmitters, and switching systems used to build wireless networks.

5 ESSILOR OF AMERICA is a subsidiary of Paris-based Essilor International, which operates about 250 prescription laboratories that manufacture corrective lenses worldwide. The company makes and distributes optical lenses under the Airwear, Crizal, DEFINITY, Transitions and Varilux brand names, among others.

6 HILTI CORP. is a Liechtenstein-based company that develops, manufactures, and markets products for the construction, building maintenance, and mining industries, primarily to the professional end-user.

7 HUAWEI TECHNOLOGIES is China's largest manufacturer of telecommunications equipment. It makes a broad range of products, including core voice and data switching platforms for communications service providers.

8 INTERCERAMIC manufactures and distributes ceramic and natural stone floor and wall tile throughout North America. Established in Mexico in 1979, it expanded into Dallas and other Texas cities in 1988. It has eight manufacturing plants in the U.S. and Mexico.

9 KUBOTA CORP. is a tractor and heavy equipment manufacturer based in Osaka, Japan. One of its notable contributions was to the construction of the Solar Ark. The company was established in 1890.

10 THE TURNER CORP., a subsidiary of German construction group HOCHTIEF, is one of the world's leading general building and construction management firms.

11 SAMSUNG TELECOMMUNICATIONS AMERICA researches, develops and markets wireless handsets and telecommunication products in North America.

12 TOYOTA NORTH AMERICA announced its North American headquarters move from California to Plano in 2014. Included at the headquarters operations will be Toyota Motor Sales, Toyota Motor Engineering & Manufacturing and Toyota Financial Services.

13 GALDERMA USA is a subsidiary of its Swiss-based parent, the world leader in providing science-based skin health solutions to healthcare professionals and their patients at all ages and stages of life.
