INTERNATIONAL COMPANIES

Dallas-Fort Worth is home to an impressive group of foreign-based subsidiaries, hosting North American headquarters or major operations. International corporate investment in the region reflects the strength and diversity of the DFW economy, and stellar access to U.S. and global markets by ground or air, especially through DFW International Airport. Industries represented here create their own synergies with other U.S.-based operations and headquarters in the region. For example, the global community has recognized DFW as an important U.S. center for telecommunication, locating North American headquarters that include Korea’s Samsung, China’s Huawei Technologies, France’s Alcatel-Lucent, Sweden’s Ericsson, Japan’s, and Lichtenstein’s Hitachi.

The region also hosts the headquarters of Switzerland-based contact lens manufacturer Novartis AG-owned Alcon and France’s Essilor, as well as the North American headquarters for motor vehicle manufacturers like Japan’s Toyota and Kubota, and China’s Huawei.
