

Retail support
for your
Small Business.

Your business communications expert.

When you team up with our business experts at our company-owned stores and authorized retail locations, you'll receive retail support that can be custom-tailored to your business needs (and the needs of your employees). Plus, you'll have the ability to quickly replace devices when urgent needs arise.

Our retail business support includes:

Account maintenance

Change feature and rate plans, access basic support and troubleshooting.

Add a line to an existing account

Authorized users can add a new line of service.

Device replacement

Upgrade eligible equipment as well as replace, return and purchase devices.

Explore mobile applications and solutions

Workforce Management and Business Productivity applications.

Employee discount programs

Learn more about our highly competitive mobility discounts by taking advantage of your government employee discount.

Accessory purchases

Authorized users can purchase accessories using your government employee discount.
